

Motor Number	Wire Color
0	Red
1	Red White
2	Green
3	Green White
4	Blue
5	Blue white
6	Brown
7	Brown White
8	Grey
9	Grey White

Dual Helix Motor Wiring Configuration

Looking at the rear of the motor and from left to right there are three (3) paddle connectors to receive the spade connectors on the individual power wires.

To properly configure a dual helix motor, the wires are attached as follows:

Left Connector	Common Red/White
Middle Connector	Common Red/Yellow
Right Connector	Individual Motor Wire
